

Burapha university

3/12~3/16

FUMINA ICHIKAWA
SHIORI WATANABE

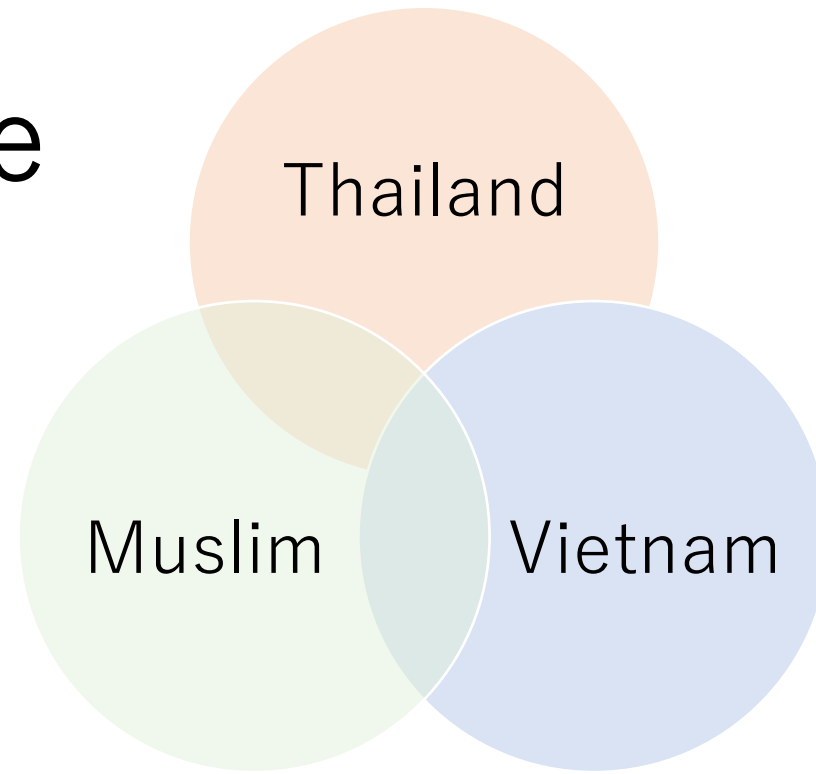

Ban Nam Chiao

- Experience of fisher village
- Experience of tradition

→ ECO TOURISM

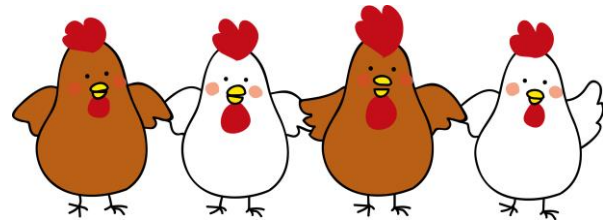

Many culture

What we studied?

- Coexistence of different religions
- Importance of tradition

Marine Technology Research Center

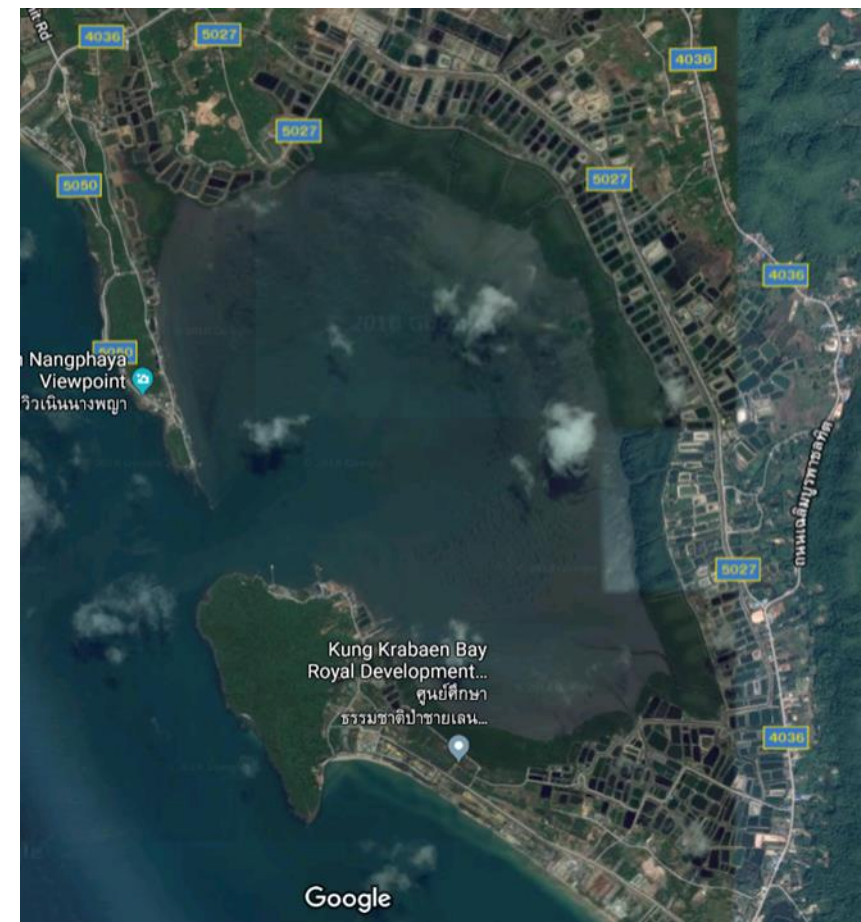

- Fish
- Sea water → Drink water

Kung Krabaen Bay

This area had been deforested.

→ There are many efforts to revival.

How to do?

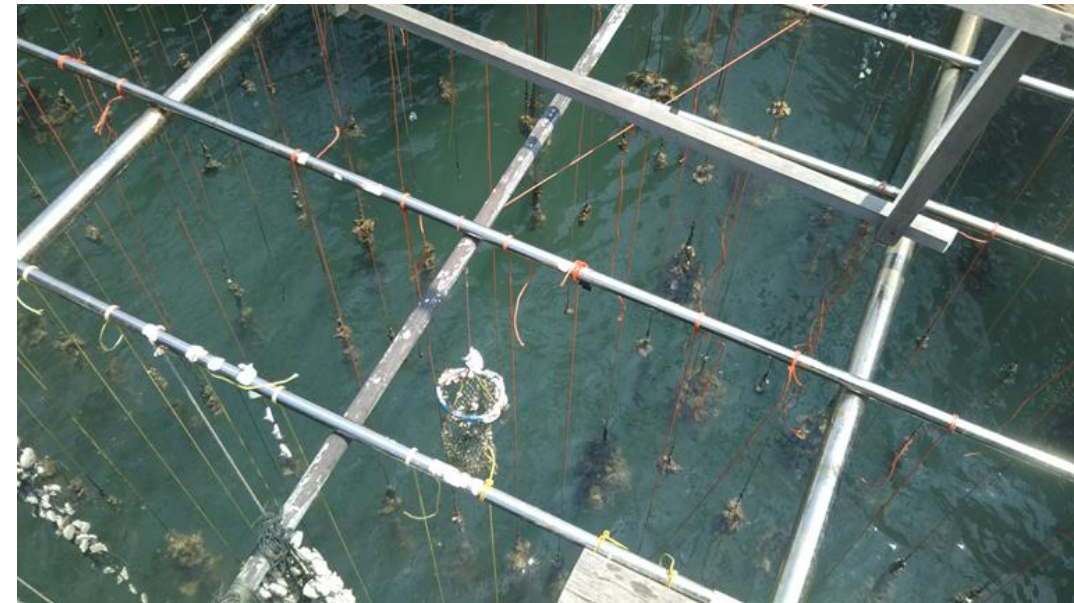

Not only mangrove,
but also other environment.

→ agriculture, sea farm...

→ **There are connected.**

- Agriculture → no pesticides
- Sea farm → not only farming

What we studied?

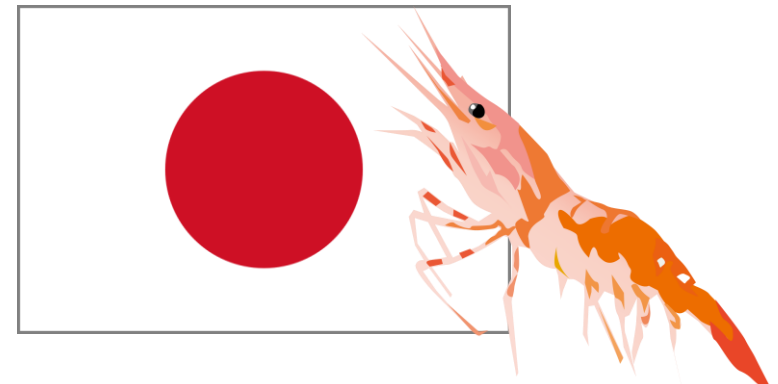

We have studied in Japan

Mangrove destroy is caused
by Shrimp farms.

But, shrimp farm is very important for Thai people.

Thank you!
